Welcome to **Kingfisher View**

We are pleased to announce the opening of Kingfisher View, a specialist nurse-led care home for adults living with mental ill-health conditions.

---

### Personalised care

At Exemplar, we embrace a person centred care philosophy so we can meet individualised care needs, supporting people to live the life they choose whatever their condition or health needs. Kingfisher View is a responsive service developed to meet the needs in the local area and will support service users to lead healthy, safe and fulfilling lives within their community.

### Our home

A purpose-built service in Castleford for twelve service users, Kingfisher View will include five two-bed apartments and two one-bed apartments. The apartment style layout will include a shared communal space and is designed to offer service users a home from home environment.

Each apartment will have a living, dining/kitchen area and the large, airy bedrooms all include an en suite wet room. Service users will be encouraged to decorate their bedrooms to suit their individual tastes and each apartment can be personalised to meet the accessibility and sensory needs of each resident.

The apartments will all have access to a secure, internal courtyard garden, ideal for socialising, parties and events.
Family, friends and visitors

Exemplar’s open door policy means friends and family are welcome to visit and be part of regular meetings, accompany their loved ones on trips and outings and be involved in all aspects of care planning and reviews.

We do maintain protected meal times so would ask any professional visitors to contact us to ensure they visit outside of these times.

Life at Kingfisher View

Social activities, leisure interests and hobbies make up a healthy, balanced life. The team at Kingfisher View will support service users to achieve their individual goals and to make choices about how they live their lives, their hobbies and interests and where appropriate, access to education and volunteering. Working together with families, friends, multi-disciplinary therapists, care and support workers and most importantly, the service users themselves, each individual will be supported to lead the most fulfilling life available to them with the care, dignity and respect they deserve.

As a new home, outings and activities will reflect the choices of our service users. Like all Exemplar homes, Kingfisher View offers good transport links and a location that enables residents to enjoy a life at the heart of the community. Service users will be encouraged to find their favourite local services including pubs, restaurants, leisure services, cinemas, shops and public transport. An accessible minibus means there will always be transport available for socialising and outings.

Overview

Kingfisher View is part of the Exemplar Health Care group of homes for adults with complex needs. Exemplar is committed to providing the best possible outcomes for those we care for and invest in training to constantly improve the quality of care we provide, ensuring our service users are always at the heart of everything we do.

Caring for complex conditions
• Mental ill-health
• RMN nursing care

Kingfisher View has been developed in direct response to the local need in this area. The individual apartments will allow service users with mental ill-health conditions to feel at home and more in control of their lives whilst still continuing to receive a personally tailored package of care and support.”
